Capital Fundraising Campaign

Answers to Frequently Asked Questions;

This feature will appear in the bulletin from time-to-time in an effort to answer questions that parishioners may have raised regarding this Campaign.

Q: Where did the \$600,000 of debt owed to the Diocese of Saint John come from?

A: This debt is the result of needed improvements made to the Basilica since 2009. The 2 major capital improvements which account for the bulk of the money owing was the installation of new copper shingles to replace the slate tiles between the 2 roofs and the paving of the parking lot and roadway including proper drainage and curbing. Smaller improvements which also required financing was the refurbishment of the Parish Center, general electrical upgrades and necessary groundwork for the solar heating system.
